Dear Sir,

This is An Introduction to "[Raj Water Technology \(Guj.\) Pvt. Ltd.](#)"

Raj Water Technology (Guj.)Pvt. Ltd. Is one of the leading company known for manufacturing, supplying & exporting, products like all type of Water Treatment Project, Mineral Water project, Natural Mineral water Project, RTS Juice Turnkey Project, Synthetic Juicer Project, and Carbonated Soft Drink Turnkey Project. For Water, Juice & CSD we offer different Rinsing, Filling, Capping packaging, & labeling solution. (Pet Bottle, Pouch, Pet Can, Tin Can, Glass, Pouch). Our products are manufactured under established standards in the industry, and are tested on various quality measures before their final dispatch.

With the aid of our sound business policies, capacious infrastructure and competent team of professionals, we have been able to cater to the precise needs of our valuable customers. Client-centric approach is assured, keeping the ease and convenience of our customers in mind. Strong logistic support and wide distribution network, has helped us in delivering the offered range within the assured time frame at the customer's end.

Under the supervision of our mentor and managing director, Mr Sanjay Patel, we have been able to cater to the huge clientele across the world. We receive a very high satisfaction rating from our customers. We have delivered our equipment & services to all over India as well as in Overseas. Indian Subcontinent, East Asia and South/West Europe are places, where we export our product range.

Raj Water Technology (Guj.) Pvt. Ltd. Formed in 2004 by experienced water treatment experts and engineering professionals having ISO 9001:2008 Certification. We have advanced manufacturing unit at Rajkot in Gujarat. We are manufacturing Quality & performance proven Water treatments plants in full Range.

Core Value

- 1) Hard Work
- 2) Customer Delight
- 3) Continuous Research & Improvement
- 4) Social Responsibility

Core Purpose

To build success stories of people by providing unlimited opportunities through innovative solutions.

Our Vision

To Implement Great Practices of Reliance and become 1000 Cr. Turnover Company by 2026.

❖ Quality Assurance

We make every effort to provide high quality products for our clients. For this, we have appointed an in-house quality controller group. This quality controller group undertakes several quality checks at various stages of production. Their regular checks and controls have ensured the quality of our products, which match international standards. We conduct quality test on our products on various parameters, like

- Durability
- Chemical resistance
- Leakage proof
- Tensile strength
- High performance

❖ Client Satisfaction

Being a client centric organization, we continuously strive towards achieving Total Client Satisfaction for our clients, by delivering them high quality products in stipulated time frame. We adhere to our quality standards by executing several quality tests on our products. Our quality control department ensures that the best products are delivered to the clients.

Apart from these, we also offer timely delivery and neat packaging which add value to our products. We have strengthened our relationships with our clients by obtaining their regular feedback, and working on our short comings. With our dedicated efforts, we have been able to gain new clients as well as retain old clients, thus maintaining a large client base across the world.
